PROJECTS

SocialHub

Dec 2017 to Current

Since I was young, I was interested in how things work. Creating a social media website always interested me.

Using HTML, CSS, Bootstrap and jQuery, I designed a facebook inspired interface. With Node.js and MongoDB, I

programmed the backend. This website offers basic social media services such as posting updates, friends, and messaging friends.

Food and Store

Dec 2017

A simple website for an imaginary store to get my hands dirty with web development. Front End technologies include HTML, CSS, Javascript, jQuery, and Node.js.

Portfolio

Aug 2017

A simple portfolio webpage to showcase my front end development skills. Used HTML, CSS and Bootstrap to design my portfolio.

SKILLS

FRONT END: HTML, CSS, Bootstrap, jQuery

BACK END DEVELOPMENT: Node.js, Express.js, ASP .Net Core
